

### **About Duplicate Publication**

Material submitted to AIFPU Journal of School of Science and Technology must be original and not published or submitted for publication elsewhere. Authors submitting a contribution to journal who have related material under consideration or in press elsewhere should upload a clearly marked copy at the time of submission and draw the editor's attention to it in their cover letter. If a part of a contribution that an author wishes to submit to journal has appeared or will appear elsewhere, the author must specify the details in the cover letter. Consideration by the AIFPU Journal of School of Science and Technology is possible if the main result, conclusion, or implications are not apparent from the other work, or if there are other factors, for example if the other work is published in a language other than English. Author is responsible to get permission from previous publisher or copyright holder if an author is re-using any part of paper (i.e. figure or figures) published elsewhere, or that is copyrighted.

The editors consider all material in good faith that their journals have full permission to publish every part of the submitted material including illustrations.
